ARTIST PROFILE

One artist. Two energies.

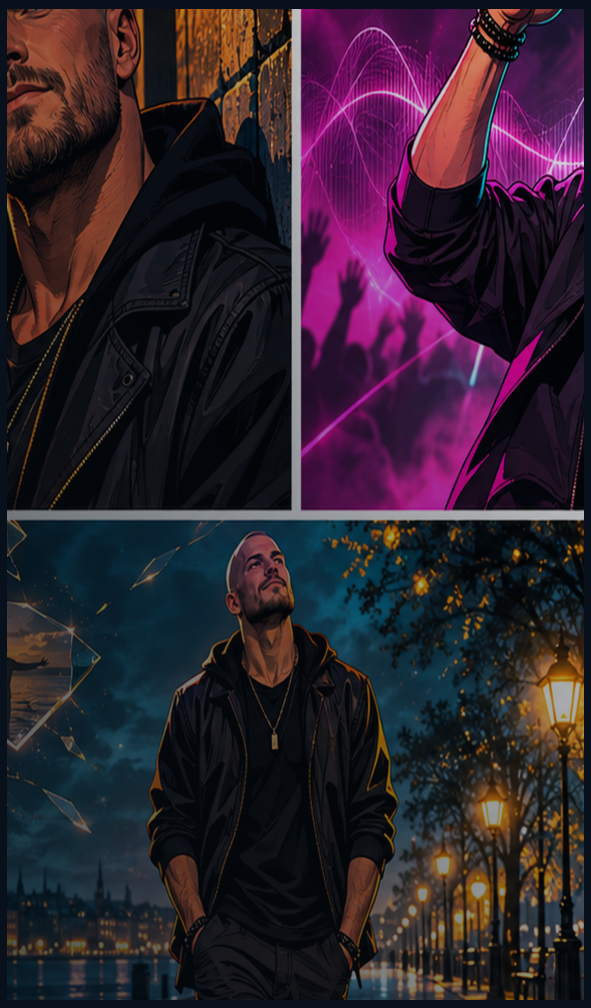
The intimacy of a confession. The release of a dance floor.

THE STORY

MrRoszak is a Swedish songwriter and electronic music artist whose work moves between deeply personal storytelling and rhythm-driven release.

His songs carry the tension between holding on and letting go: love, disappointment, resilience, memory and the decision to begin again.

From Swedish-language reflections to English-language house tracks, his music follows the emotion of each story rather than a single genre.



WHAT MAKES THE SOUND HIS

THE HEART

Intimate lyrics, memorable melodies, atmospheric harmony and emotional tension.

THE PULSE
